

MOHIT BAJIYA

Kyamsar, Nagaur, Rajasthan, India 341551 | +91 946-114-7252 | mbajiya047@gmail.com

CAREER OBJECTIVE

B.Tech CSE student passionate about AI, Robotics, and Embedded Systems, focused on building real-world tech solutions and continuously learning emerging technologies.

EDUCATION

B.Tech, Computer Science Engineering — SRM University, Delhi NCR, Sonipat, Haryana2025 – 2029

Currently in 1st Year, 2nd Semester

Senior Secondary (12th) — Shakhawati Public School, Losal82%

Secondary (10th) — Shakhawati Public School, Losal85%

PROJECTS

- **Hexapod Robot — Multi-Legged Robotic System:** Built a servo-controlled hexapod with sensor and microcontroller integration; programmed walking algorithms and improved movement stability.
- **Gemini AI Chatbot (HTML, CSS, JS, Gemini API):** Real-time chatbot with glassmorphism UI and persistent chat history.
- **Sentiment Analyzer (Python, Flask, TextBlob):** Classifies text sentiment with polarity/subjectivity scoring; deployed on Render.
- **Student Performance Dashboard (Python, Flask, Pandas, Matplotlib):** Analytics dashboard with interactive charts and REST API endpoints.

CERTIFICATIONS & JOB SIMULATIONS

- Google Analytics Certification — Google (Issued Aug 2026, Certificate ID: 191598478)
- QSkill Virtual Internship, Python Development — SR India, Jul–Aug 2026 (31 days); Certificate of Completion & Letter of Recommendation from Subhajit Roy, Co-Founder, SR India
- Commonwealth Bank Tech Explorer Job Simulation — Forage (Aug 2026)

TECHNICAL SKILLS

Languages: C, Python

CS Core: Operating Systems, Computer Networks

Tools: Git/GitHub, VS Code, Arduino IDE, Robotics, Embedded Systems, Microcontrollers, Sensors & IoT

AI & Emerging Tech: Prompt Engineering, LLMs, AI-assisted development (ChatGPT, Gemini, Claude, Copilot)

STRENGTHS

Quick Learner • Problem Solving • Team Collaboration • Adaptability & Creativity

LANGUAGES KNOWN

English, Hindi
